

2025 NFL BRAZIL ACCESSIBILITY GUIDE

The NFL Brazil Game on September 5 at Corinthians Arena is dedicated to ensuring a welcoming experience for all fans. If you're a fan with disabilities, elderly, or require additional support, be sure to review the following information on parking, arena services and seating.

TRANSPORT & PARKING:

Public Transport

The Corinthians Arena is easily accessible by public transit, primarily via the Metro's Corinthians-Itaquera station on Line 3-Red. Please reference the [Metro SP](#) website information for persons with disabilities or reduced mobility, senior citizens over 60, pregnant women, autistic people and plan your journey to the arena.

From the station pedestrian bridge, it is approximately a 10-minute walk (600m) to the arena East Entry queue.

Disabled and Elderly (60+) Parking

If you have a valid parking card for disabled individuals, or a parking credential for people aged 60 and over, parking spots are available in the West Lot E4.

Staff will be stationed at the access control point along Av. Miguel Ignacio Curi to verify proper credentials for entry into this lot.

The parking is limited and allocated first come, first served basis. Once the lot reaches capacity, vehicles will be redirected to the nearest public parking areas.

NFL Clear Bag Policy

Consistent with all NFL games, the NFL strongly encourages fans not to bring any type of bag to the arena, but if necessary, clear bags outlined in the [policy](#) are permissible.

The NFL does allow exceptions for special medical equipment after proper inspection. Security will be present at arena entrances to screen these bags and medically necessary items.

TICKETING:

During the event, for fans who have a valid ticket but are unable to access your assigned seat or experience difficulty reaching it, you may request an accessible seat relocation at any Interior Ticket Resolution desk. Interior Ticket Resolution desks are located near Gate A and Gate O.

Please note that such exchanges and relocations are extremely limited, subject to availability, and offered on a first-come, first-served basis.

ARENA SERVICES AND FACILITIES:

Corinthians Arena was thoughtfully designed to ensure that all fans can fully enjoy their experience. Level 4 of the arena is barrier-free, providing accessible pathways, restrooms, and other amenities to enhance convenience and comfort for all guests.

Fan Information Booth

The Fan Information booth is located outside near Gate A and Gate O. Dedicated staff are available to assist fans with questions for Mobility Services.

Mobility Assistance (wheelchair service)

We're committed to ensuring every fan has a comfortable and welcoming experience. Mobility assistance, including wheelchair service and escort staff, is available at both the West and East Fan Entry points, as well as near the Fan Services tents by Gates A and

O. Our team will be glad to assist you with your journey into the arena.

Elevators

Elevators are available on the west side of the arena at Gate A and Gate C for fans with accessible seating on the levels indicated by their ticket. For all other fans, elevator use will be at the discretion of our stewards and is subject to available capacity.

Toilets

Disabled toilets are clearly marked and available throughout the arena. Permanent facilities with autonomous lockable doors are located on the east and west sides, while accessible portable toilets with lockable doors can be found on the north and south sides.

Sensory

The Sensory Suite is located on Level 9 of the west side of the arena. The space offers a comfortable and calming environment for fans on the autistic spectrum or with sensory impairment conditions.

Service Animals

Service animals (dogs trained to perform work/do tasks for a fan because of a disability) and service animals in training are permitted and may accompany fans with a disability in all public areas of the arena (where other fans are permitted).

If you are bringing a service animal and did not make arrangements through Ticketmaster, visit the Interior Ticket Resolution Desk (located near Gate A and Gate O) to inquire about available accommodations.
